RECOMMENDATION

It has been the pleasure of IIMAK to cooperate with Etisoft for over 10 years in a working relationship of mutual business growth, strong technical exchange and outstanding human partnership.

As a high quality converter of IIMAK TTR jumbos, Etisoft has emerged as a remarkable value-add vendor, intensely focused on providing the right services and products to their customers. Etisoft's investment in better, more innovative equipment is unparalleled. World class traceability systems are used at Etisoft ensuring a perfect Quality Assurance of the raw materials IIMAK supplies to them.

We are proud to be represented by Etisoft and have every confidence in recommending their services and products to you.

Sincerely,

A handwritten signature in black ink, appearing to read "José Morlin", with a long horizontal line extending to the right.

José Morlin
Vice President, Sales & Marketing
